Portfolio: <https://sabhanson.github.io/sab-react-portfolio/>

**Front-end web developer leveraging an artistic background and looking to create more engaging experiences on the web. Recently earned a certificate for full stack web development from the University of Washington. Passion to solve problems and develop beautiful and meaningful applications. Quick learner, with a proven history of adaptability and a great attitude.**

## Projects

---

### **Seeded - Social Media Application** | University of Washington

Full Stack Developer

- Goal to create a social media app focused strictly on plant content for plant-lovers.
- Complete CRUD application built with Node, Express, HandlebarsJS, Bootstrap, Cloudinary API, and bcrypt. Among my responsibilities, I was in charge of a lot of front-end development, a bit of back-end development, and managing the Github repositories.
- Github: <https://github.com/sabhanson/seeded>
- Deployed Site: <https://seed-ed.herokuapp.com/>
- Awarded "Best Presentation"

### **Arcade Sweet - Gaming Application** | University of Washington

Front End Developer

- Goal to create a gaming website with 3 games and social network aspects.
- Complete CRUD application built with Mongo, Mongoose, React, Cloudinary API, nodemailer, and bcrypt. Among my responsibilities, I was in charge of most of the front-end development and managing the Github repositories.
- Github: <https://github.com/sabhanson/arcade-sweet-front> | <https://github.com/sabhanson/arcade-sweet-back>
- Deployed Site: <http://asweet-front.herokuapp.com/>
- Awarded "Best Presentation"

## Professional Experience

---

### **Trilogy Education Services**

**May 2022 - current**

*Teaching Assistant & Tutor*

Remote

- Assist in the online delivery of a modern, full stack web development curriculum (ES6+, SQL, MongoDB, RESTful APIs, PWAs, React, GraphQL)
- Evaluate student projects and provide constructive feedback
- Provide both group and 1:1 sessions with students to give accurate and concise answers to student questions.

**Hudson's Bar and Grill****October 2020 - current***Restaurant Server*

Vancouver, WA

- Continually learn the restaurant offerings and stay informed about menu changes to accurately present the menu to customers.
- Work with a team to retain restaurant standards in sanitation, food quality, and level of service.
- Awarded promotion from host/busser to server after 6 months based on work ethic and skills assessed by management.

**Steamboat Grand Hotel****September 2018 - July 2020***Front Desk Supervisor*

Steamboat Springs, CO

- Quickly learned complex hotel computer systems without any prior experience in the hotel industry.
- Awarded promotion from agent to supervisor after 3 months due to a strong work ethic and a passion for excellence.
- Provide guests with information and problem-solving assistance; in-person, on the phone, or via email.
